RUMANIAN ARMY CUT OFF ON BULGARIAN SOIL

Striking Mob Cows Police, Seizes Cars With Laborers

SHERIFF'S MEN POWERLESS, SEE BOLD ACT DONE

Resistance to Excited Crowd of Men and Boys Would Have Led to Pitched Battle, Says Rose, Admitting His Officers Unable to Protect Strike-Breakers From Molestation

SHIPPERS HAVE PLENTY OF MEN AT WORK TODAY

Organizing to Give Them Lodging on Docks; More Labor Than They Can Use at Existing Scale of Wages, They Say, and Declare Vessels Will Be Despatched on Time

At the Ewa end of Pier 15, ship-
pers this afternoon are putting up a
blockade 12 feet high and made of
2-inch planks, which is expected to be
finished early this evening.

Ten minutes after the whistles blew
for noon today an automobile transfer
truck of the Honolulu Construction
& Draying Company filled with strike-
breakers came down Queen street at a
good clip, turned the corner and
headed for Pier 16.

At once an outpost picket stationed
near the pier gave a warning shout,
and immediately union pickets sprang
up apparently from nowhere, most of
them coming from the O. R. & L.
scales opposite Pier 17, where they
had been lying in the shade keeping
watch.

More than 40 pickets ran at top
speed toward the truck, but the driver
turned on more "gas" and dashed upon
the wharf, going at easily 20 miles
an hour. He escaped the nearest pick-
ets by 50 feet.

Curses, shouts and epithets of vari-
ous uncomplimentary kinds were
hurled after the fleeing truck by the
pickets as it disappeared down the
length of the pier toward the strike-
breakers' "camp" at the lower end.

That they had 300 strikebreakers
working the Manoa and Wilhelmina,
and 300 more waiting to go to work
the minute they were needed, was
announced by McCabe, Hamilton & Ren-
ny this afternoon. "We have more
than we can use," said officials of the
firm.

The stevedoring firm claimed 100
of the strikebreakers are Japanese,
with 75 on the Manoa and 25 of the
Wilhelmina. The balance of the strike-
breakers consisted mainly of Filipinos,
who predominated; Chinese, a
close second, and a few Portuguese
and Hawaiians.

All the strikebreakers were fed at
noon aboard the barge Bennington at
Pier 16. They were brought in the
Young Brothers' launches Louise and
Huki Huki to the barge, from Pier 15,
where the Wilhelmina is berthed, and
Pier 16, where the Manoa is discharg-
ing.

Lawlessness among the striking
waterfronters and their sympathizers
reached a new height early this morn-
ing when a mob estimated to number
1000 men and boys interfered with
Oahu railway cars taking strikebreakers
to the docks by the railroad
tracks.

One car was switched off to a sid-
ing under intimidation of the strikers
but later picked up by the engine
and taken on. Another was not only
seized but held so defiantly that in or-
der to avoid trouble, the police al-
lowed it to be taken back to the O.
R. & L. station and so far as can be
learned, after it was opened and the
frightened strikebreakers emerged,
none of them got to their employment
on the docks.

Reports were first that both cars
had been taken down the O. R. & L.
line to a point in the Kalihi section
and there the strikebreakers told to
"beat it," but this proved incorrect,
according to the emphatic statement
at the police station at noon. Police
officials say that but one of the two
cars seized was actually kept from
reaching the dock.

Sheriff Rame's men were unable to
control the situation and the strikers
admittedly took the upper hand. The
sheriff says that if his men had used
force there would have been a general
melee and a pitched battle with the
strikers and their gangs of followers.

This was the most sensational de-
velopment in a day which otherwise
showed the employers as very obvious-
ly winning in their determination to
"move the freight."

By organized effort and resolute as-
sistance, the shippers are now secur-
ing laborers in large quantities. Many
are coming from down the country,
and it is understood that it was the
carloads of these, reaching the city
early today, that gave the strikers the
opportunity to overawe the police.

The Star-Bulletin was informed to-
day by shippers that they are getting

tation, 5.99 cents.

YOUNG AMERICAN, SON OF OFFICER HERE, AT FRONT

Maj. Donald McRae Cables His
Father, Adjutant Hawaiian
Dept., of His Move

A short, terse, cablegram, "Going
to the front," signed, "Don," just re-
ceived by Col. J. H. McRae, adjutant
of the Hawaiian department, conveyed
the news to his family that Maj. Don-
ald McRae, 23rd Battalion of British
Infantry, has left England for "some-
where in France," and is now actively
engaged in the first British attacks
that have characterized the fighting
on the western front during the past
few days.

Maj. McRae has had very rapid pro-
motion since his arrival in Canada in
January of this year, when he enlisted
as a private in the American Leg-
ion, which was being organized there
at that time.

Leaving his studies at the Massa-
chusetts Institute of Technology,
where he would have graduated in
June in the mining engineer's course,
Donald went to Toronto, Canada,
where he enlisted as a private. Three
years at West Point had fitted him
for a commission, and at the first op-
portunity he was made second lieuten-
ant and a month later he was com-
missioned captain and made adjutant
of the regiment, a position requiring
the military knowledge and training
which he was one of the few who pos-
sessed.

PRODUCTION OF OLAA TO MONDAY IS 21,428 TONS

With three days to grind the pro-
duction of Olla Sugar Company is
21,428 tons for the 1916 crop. These
are the figures that were given mem-
bers of the stock exchange this morn-
ing. They were compiled as of Mon-
day, and the grinding is to finish it
is expected Wednesday. Brokers es-
timate that the extra grind from the
date of completion of figures will add
about 300 tons to the figures given
and that the final figures for the year
will be very close at 21,750 tons.

Considerable interest has attached
to the probable final figures of the
Olla crop. There was a considerable
reduction from original figures made
and then a further reduction of 500
tons in a still later estimate. The
figures given above are somewhat in
excess of the last reduced estimate.
It is further said among the stock
brokers that the prices being obtained
for Olla shipments are considerably
higher than the price upon which es-
timates of earnings have been based
and that therefore earnings will not
be affected to the extent that some
had feared.

BROOKLYN WINS PENNANT; BIG SERIES TO START ON SATURDAY

First Two Games at Boston; Phillies Drop Two Contests to
Braves Today and Lose Chance at Flag

(Associated Press Service by Federal Wireless)
PHILADELPHIA, Pa., Oct. 3.—Brooklyn today won the National
League pennant for the first time since 1900. The Philadelphia Quakers
lost the second game of the day to the Boston Braves and with it their
chance at the flag.

Sixteen years ago Ed Hanlon led the Brooklyn team to victory, with
two present American League managers on the squad. These two were
Felder Jones, leader of the St. Louis Browns, and Hughie Jennings, man-
ager of the Detroit Tigers.

Wilbert Robinson, the present manager of the Brooklyn team, was a
member of the old Baltimore Orioles under Hanlon, and John J. McGraw,
manager of the Giants, who were defeated today, was another member of
the team. Charles Ebbets, the president of the club, has held that posi-
tion for nearly 20 years.

NEW YORK, Oct. 3.—The National Commission has decided that the
first game of the world series will be played at Braves' field in Boston on
Saturday afternoon. The second game will be played on the same field on
Monday. The third and fourth games will be played in Brooklyn on Tues-
day and Wednesday. Braves' field, which is the National League park, was
selected on account of the large seating capacity, as Fenway park, where the
American League games were played will accommodate only 20,000 specta-
tors. Altogether 42,300 spectators witnessed the third game of the series at
Braves' field last year.

PHILADELPHIA, Pa., Oct. 3.—
Sterling pitching by "Lefty" Tyler
of the Braves shut the Quakers out
of the pennant today, when the Boston
southpaw held the home team to five
hits and one run in the second game.
Boston hit Erskine Mayer and "Chief"
Bender hard throughout, and the
Braves in addition played an error-
less game in the field.

Alexander had tired on account of
his great feat of yesterday, and Rixey
had failed in the first game, and with
defeat staring Moran in the face he
sent in Mayer to stop the battling
Braves. Mayer failed, and "Chief"
Bender, who has pitched in a number
of world series contests, was sent in,
but he, too, failed to hold the visitors,
and the Quaker infield went to pieces.

The score:
R. H. E.
Boston..... 6 11 0
Philadelphia..... 1 5 4
Batteries—Tyler and Blackburn,
Gowdy; Mayer, Bender and Killifer.
Richard Rudolph, the heady little
pitcher of the Boston Braves, who has
had much to say in deciding world
series contests in the past, handed
the Quakers in Quakerstown a rude
shock this afternoon when he held
the Phillies to eight hits, which were
scattered throughout, and as a result
Boston defeated Philadelphia, 6 to 3,
the first game of the doubleheader.
It was his teammates with the bat
which put the game on ice in the sev-
enth inning, when the band of Braves

tomahawked Eppa Jephtha Rixey, Jr.,
the tall semaphore of the William
Penn aggregation, and changed the
F. F. V. of Culpepper Court House to
F. F. B., which meant Fine For Bat-
ting. Rixey, who was counted on to
hold the onrush of the Braves, failed,
and Moran sent in Irving Kantele-
ner, a resident of San Jose, Cal., and
late of the Northwest League via
Pittsburg. He failed to stop the team
after Erskine Mayer had received a
call to the shower. Then Joseph Oes-
cher, another Californian, was cal-
led to the mound, and remained to the
end.

Philadelphia lost opportunities to
hold the Braves, but a cluster of er-
rors at a critical point gave the
Braves an opportunity to stage a rally,
and with Rudolph pitching good
ball the Quakers did not threaten in
the later innings. The score:
R. H. E.
Boston..... 6 11 0
Philadelphia..... 1 5 4
Batteries—Tyler and Blackburn,
Gowdy; Mayer, Bender and Killifer.
Richard Rudolph, the heady little
pitcher of the Boston Braves, who has
had much to say in deciding world
series contests in the past, handed
the Quakers in Quakerstown a rude
shock this afternoon when he held
the Phillies to eight hits, which were
scattered throughout, and as a result
Boston defeated Philadelphia, 6 to 3,
the first game of the doubleheader.
It was his teammates with the bat
which put the game on ice in the sev-
enth inning, when the band of Braves

Late News At A Glance

NEW YORK CLEARING-HOUSE SETS RECORD
NEW YORK, N. Y., Oct. 3.—Transactions in the New York clearing-
house for the year ending September 30 exceeded \$155,000,000,000, a new
national record.

STREET CAR DISASTER IN CLEVELAND
CLEVELAND, O., Oct. 3.—Two street cars during the rush hour today
dropped 50 feet when the end of a bridge over the Cuyahoga river col-
lapsed. Firemen and policemen rushed to the scene in ambulances and
took charge of the rescue work. Nineteen women have been taken to the
hospital. It is estimated that five have been killed and more than 60 in-
jured, and several are probably fatally hurt.

COST OF LIVING SOARS
WASHINGTON, D. C., Oct. 3.—Figures made out here show a marked
increase in the cost of living. Flour is higher than since the Civil War,
potatoes are 116 per cent higher than a year ago and meat is 24 per cent
higher than a year ago. Beans, which are a short crop, are 70 per cent
higher. Cheese has gone up 23 per cent.

U. S. AVIATION SERVICE VINDICATED
WASHINGTON, D. C., Oct. 3.—The special war department board which
has investigated the condition of U. S. military aeronautics has reported and
the report not only fails entirely to substantiate the allegations of ineffi-
ciency of army officers but has clearly established that the developments
of this branch of the service are "being conducted with energy and fore-
sight."

CHRISTIAN SCIENTISTS TO BUILD CHURCH
William A. Newman, a well known architect of San Francisco, has been
employed by First Church of Christ, Scientist, in Honolulu to draw plans
for its church edifice, which is to be built on the church lot, on the corner of
Wilber avenue and Kewalo street. Plans are under way to make this a
notable church home.

"JOSH" TUCKER TO COLLECT HEIAU DATA
Joshua D. Tucker, former commissioner of public lands, whose term ex-
pired on March 4 last, has been engaged by Superintendent of Public
Works Charles R. Forbes to secure data on ancient heiaus. Forbes said
this afternoon that the work will last about two weeks. The expiration of
Tucker's term last March was preceded by a request from the governor for
his resignation.

TWO COMPANIES DECLARE EXTRA DIVIDENDS
Extra dividends were this afternoon declared by two sugar companies,
the Waialeale and Onomea. The directors of the former company ordered
the payment of an extra dividend of 5 per cent in addition to the regular
monthly dividend of 1 per cent on October 10. This is a dividend disburse-
ment of \$120,000 for the month.
Onomea directors ordered a dividend of 8 per cent in addition to the
regular monthly 2 per cent on October 20. This will make a dividend dis-
bursement for Onomea in October of \$300,000.

DR. RAYMOND TESTIFIES ON MEAT SHIPMENTS
Swinging from the subject of inter-island freight and cattle rates to
that of methods of handling meat in shipment, Dr. J. H. Raymond, Maui
cattleman, witness at the continued hearing which the public utilities com-
mission is holding, gave a detailed description of methods of slaughter
this afternoon.

Dr. Raymond declared that the system of shipping cattle before slaugh-
ter should be prohibited by law. He said tests that he had made of both
methods together with his treatment at the hands of the Hawaii Meat
Company had led him to drop the shipping of live cattle and secure his
own boat to send the dressed meat in cold storage. "This method is hu-
mane, economical and sanitary," he said. The witness testified that he has
no complaint whatever to make against the inter-island Company, and
absolutely no fault to find with their method of doing business. The
Territorial Marketing Division handles his entire supply of approximately
100 cattle a month.

NEW 'DRIVE' OF ALLIES FAILURE, GERMANS ASSERT

Official Cablegram Says Anglo-
French Offensive Tried Yes-
terday on Broad Front

(German Official.)
GERMAN HEADQUARTERS RE-
PORT, Oct. 2.—On the western front,
in the battle field north of the Som-
me, a great new battle is on today.
Over a front more than 20 kilometers
long, between Thiepval and Rancourt,
the British and French, after a very
heavy artillery preparation, sallied
forth for an attack.

At many places the enemy was re-
pulsed by our well-directed gunfire.
Where detachments penetrated they
succumbed in a fierce hand-to-hand
fight with our unshakable infantry.
Just north of the Somme a French
separate attack was repulsed.

The battle went on the whole night
and was in full swing today. South of
the Somme there was some lively ar-
tillery dueling.

North of Lesmenil a German re-
connoitering detachment returned
from a successful raid with one officer
and 38 men captives.

The military establishments of Calais
were attacked by one of our air-
ships.

On Prince Leopold's front, eastern
war theater, fire activity is increas-
ing west of Luck. The enemy charges
were frustrated in our certain fire.
Russian artillery attempting to drive
forward the soldiers by fire directed
on their own trenches, did not change
the situation.

Some reconquered positions are in
our hands and the enemy left 1500
prisoners with us, all hostile attempts
failing, as well as new campaigning
on both sides of the Brody-Lemberg
railroad.

On Archduke Carl's front the com-
bat east of the Zlota Lipa has contin-
ued.

In the Transylvania war theater, on
both sides of Kokel, the Rumanians
gained terrain near and north of Or-
sova, where the attacks of our allies,
however, are now gaining success. In
the Hateg mountains hostile attacks
on both sides of the Streih valley
were repulsed and a height conquered
by Austrians.

In the Balkan war theater hostile
troops obtained a footing on the right
of the Danube. Southwest of Toplairs
enemy attacks were repulsed. On the
Macedonian front violent combats
between the Serbians and Bulgarians at
Kaimak Kalan are going on. We have
attacked British detachments advanc-
ing on the eastern Struma bank.

ANGUS PREDICTS BIGGEST CROWDS YET IN ISLANDS

George H. Angus, president of Mid-
Pacific Carnival, Ltd., and a member
of the Hawaii Promotion Committee,
predicts that Honolulu will have the
largest crowd during the Carnival sea-
son that the islands ever have seen.
In a letter read today at a luncheon
of the Carnival directors, in the Com-
mercial Club, Angus writes:

"I predict that we will have the
largest crowd during the Carnival sea-
son that the islands have ever had.
While in St. Paul I had an opportunity
to call on Cal Stone and he informed
me that from inquiries their various
offices had so far received for travel
to the islands every steamer would
be crowded.

"The islands are certainly being
well advertised, and from the fact that
there is practically no travel to Eu-
rope, the Hawaiian Islands will re-
ceive more than their share of tourist
travel."

During his travels on the mainland,
Angus has been busy collecting fire-
works catalogues and quotations. At
the luncheon today, this material was
discussed informally and turned over
to the water pageant committee, Harry
Denison, chairman.

BERLIN ADMITS ZEPPELIN LOSS

BERLIN, Germany, Oct. 3.—German
admiralty report: On the night of
October 1-2, several naval airships
successfully bombed London and the
industrial establishments on the
Humber. In spite of violent shelling
by incendiary grenades and attacks
by hostile flyers, the airships, return-
ed safely, except one, which was ob-
served by the other airships to be
set on fire by shots from enemy bat-
teries and fell above London.

"CAMPAIGN OF HATE" RAPPED BY NOTED BRITISH STATESMAN

KING FERDINAND'S GENERALS THROW FORCE ACROSS
DANUBE AND MENACE VON MACKENSEN, WHO IS RE-
PORTED TO HAVE EVACUATED TURKIA — MORE
AGITATION IN GREECE

(Associated Press Service by Federal Wireless)
BERLIN, Germany, Oct. 3.—Austrian and German monitors came up
the Canube today in the rear of the big Rumanian army which crossed
the river and invaded Bulgaria, and destroyed the pontoon bridges which
the Rumanian officers had thrown across the water. The Rumanian army
is thus cut off in Bulgaria.

On the other Rumanian front, in Transylvania, the Teutons north of Fo-
garas are withdrawing before superior Rumanian forces.

SOFIA, Bulgaria, Oct. 3.—The Bulgarians have retreated under heavy
Serbian artillery fire south of Kaimak Kalan, in order to avoid unnecessary
loss. They have withdrawn to their main positions in Moglenica valley.

(Associated Press Service by Federal Wireless)
BIRMINGHAM, England, Oct. 3.—Lord Bryce, noted English
statesman and diplomat, in an emphatic speech here today warned
the British people against carrying on a campaign of hate against the
Central Powers which would lead to measures of lasting bitterness.

He criticized particularly talk of crushing Germany economically
by a long trade war at the conclusion of the military conflict.

Lord Bryce's speech, delivered earnestly and with eloquence be-
fore a large gathering, indicated that he believes in a plan of world
arbitration. He decried the spirit of hate which, he said, had been
exhibited against the Germans in the talk of a lasting trade war.
He adverted to the proposal of a league to restrain aggression by any
power, no matter how strong, and to compel arbitration.

"If there is to be a recurrence of wars, each becoming more
terrible with the unceasing advance of science, we may well despair
of the future," he declared.

Rumania's Invasion of Bulgaria May Cut Off von Mackensen's Army

(Associated Press Service by Federal Wireless)
LONDON, Eng., Oct. 3.—News reached here today that the leader
of the Teuton-Bulgarian forces in the recently-invaded Dobrudja
district of Rumania, Gen. von Mackensen, has withdrawn his troops
from the fortress of Turtukai, the stronghold on the Danube, in Silis-
tria, taken a few weeks ago from the Rumanians.

The news comes from Rome and is believed to mark the begin-
ning of an effective counter-offensive by the Rumanians.

Military experts hold that the Rumanian coup may upset the
German strategy in the Balkans. The stroke of throwing a force
across the Danube into Bulgaria is the outstanding feature of the
eastern war arena, and if the force proves to be formidable in size,
it will constitute a serious menace to the army commanded by von
Mackensen. The latter will then have the Rumanians and Russians
in front and on one flank, and the allied armies of the Serbs, British
and French and possibly the Greeks, in the rear, and his army may
be cut off.

Germans Take Offensive on Northern Part of East Line; Soon Checked

(Associated Press Service by Federal Wireless)
PETROGRAD, Russia, Oct. 3.—The Germans yesterday and
today took the offensive south of Dvinsk, displaying activity on a part
of the eastern line that has long been comparatively quiet. They
attacked the Russians near Nova Alexandrovsk. When the Germans
met the Russian defense they were forced back to their original posi-
tions.

Greek Ex-Premier Gounaris Trying to Hasten Fighting With Allies

(Associated Press Service by Federal Wireless)
PARIS, France, Oct. 3.—A despatch from Athens says that a
new political party is being organized in Greece, which will favor
intervention on the side of the Allies. The party is being organized
by Ex-Premier Gounaris, who served a brief term after Venizelos was
forced out and has long favored entering the war.

Violent Fighting on Western Front

(Associated Press Service by Federal Wireless)
PARIS, France, Oct. 3.—Violent fighting took place today on the
western front north of Rancourt. The French broke down and check-
ed German attempts to debouch from the St. Pierre-Vaast wood and
flank the Allies.

LONDON, Eng., Oct. 3.—British aeroplanes today attacked Ger-
man airship sheds in the vicinity of Brussels. One British aeroplane
was lost in the raid.

OKUMA CABINET READY TO QUIT

(Associated Press by Federal Wireless)
TOKIO, Japan, Oct. 3.—News-
paper extras, led by the Nichi
Nichi Shimbun, announce that
the Okuma cabinet has decided
to resign. There are reports
that Okuma has said he will re-
command to the emperor to ap-
point Minister Takaaki Kato, for-
mer minister of foreign affairs,
as his successor. It is also re-
ported that Marquis Salomi may
be asked to form a new cabinet.

With the primary elections near at
hand the Republicans this evening
will renew their campaign with a big
rally in the fifth district, the meet-
ing place to be Liliha and School streets.
Among the speakers will be A. Leis-
son, candidate for the delegateship;
candidates for the senate and the
fifth district candidates for the house.
A Hawaiian quintet will furnish spe-
cial music.

The second meeting of the week
will be held at 7:30 o'clock tomorrow
evening at Punahoa park, this rally to
be for the voters at the Punahoa, Ma-
kiki, Manoa and Thomas square sec-
tions. On Thursday night a rally will
be held in the fifth district. There
will be no meeting in the fourth
district tonight.
